

Prayer for Awakening and Revival

LORD, we thank You for this land and for the plans You have for it. We already so clearly see even at the start that You have a purpose in bringing us here. We pray and ask that you continue to bring us into alignment with Your vision so that we can be part of Your plans for this place and for this whole area.

LORD, we ask that you use this land, this body, and this future building site to awaken people from all walks of life to the reality of who You are. We know you are real, powerful, and moving. We have seen Your kingdom here on earth, and we are asking for You to show up here in this place today and in the days moving forward. Father, bring revival right here to this land that we stand on. Use each person here to bring Your kingdom here on earth.

LORD, if there is any heart here that has not awakened to the reality of You, we ask here and now for you to reveal Yourself to them. Use me. Use us as a body to be the hands and feet of Jesus to them. We ask that You give us each the humility and love for one another to live boldly for You in our community.

Thank you for what You are going to do. Amen!
